EXECUTIVE SUMMARY

- **Customer churn rate** stands at **26.54%**, impacting **1,869 customers** and placing **₹139.1K revenue at risk**.
- **Month-to-month contract customers** account for **88.55%** of total churned customers.
- Customers with **0–12 months tenure** show the highest churn rate at **47.44%**.
- **Fiber optic users** and **Electronic check customers** exhibit significantly **higher** churn risk.
- **Immediate retention actions** targeting high-risk segments can substantially **reduce revenue leakage**.

KEY FINDINGS

- **47.44% churn** occurs within the first 12 months of customer tenure.
- **88.55% of churned customers** are on Month-to-Month contracts.
- **Fiber Optic users contribute 69.4%** of total churned customers.
- **Electronic Check customers show 45.29% churn**, the highest among payment methods.
- **Senior Citizens account for 25.47%** of churned customers.

EXPECTED BUSINESS IMPACT

- **Customer Retention**
 - Potential churn reduction: **5–8%**
- **Revenue Protection**
 - Protect up to **₹10K–₹15K revenue**
- **Payment Optimization**
 - Increased Auto-Pay adoption
- **Customer Experience**
 - Higher onboarding and engagement.

HIGH RISK SEGMENTS

Segment	Risk Level
• Month-to-Month Contract Customers	● Very High
• 0–12 Months Tenure Customers	● Very High
• Fiber Optic Customers	● High
• Electronic Check Customers	● High
• Senior Citizens	● Medium

BUSINESS RECOMMENDATIONS

Recommendation 1

- **Launch retention offers for Month-to-Month customers**

Expected Outcome:

- Reduce churn in highest-risk segment
- Improve customer retention

Recommendation 2

- **Create onboarding program for new customers (0–12 months)**

Expected Outcome:

- Improve early customer engagement
- Reduce first-year churn

Recommendation 3

- **Review Fiber Optic pricing and service quality**

Expected Outcome:

- Improve customer satisfaction
- Lower service-related churn

Recommendation 4

- **Encourage customers to switch from Electronic Check to Auto-Pay**

Expected Outcome:

- Increase payment consistency
- Reduce churn probability

Recommendation 5

- **Design dedicated retention campaigns for Senior Citizens**

Expected Outcome:

- Improve customer experience
- Increase long-term retention
